**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We should keep the 1996 telecommunications act intact because it is working slowly but significantly and we need more competition in the industry. I am lucky to be in San Francisco and have been able to sign up with Sonic. Most of my friends wish that they had the option or at least another option. I understand that it is a complex issue but the large majority of people agree that keeping these rules is much better than getting rid of them
